Company

BCI operates as a retained consultancy exclusively in the areas of Executive Search and Board Consulting.

In Executive Search we concentrate on positions on the level CEO and members of the Executive Management as well as on specialists of the highest calibre.

In Board Consulting we conduct efficiency audits and reviews of Supervisory Boards, and also specialise in searches for Non-Executive Directors. In both areas we are widely regarded as pioneers in the German-speaking world.

The seniority and extensive experience of our partners provide us with unique access to key business leaders.

Each partner assumes direct responsibility for conducting assignments, for maintaining contact with our clients, and for developing productive working relationships with them. In order to maintain this client-partner focus, and to guarantee the highest possible professional standards, we deliberately limit the size of our company.

As part of Excellence Connected - Board Advisors - a select group of respected consultancies – BCI is able to provide high quality executive search and board consulting services internationally as well as domestically.

International

Board Consultants International (BCI) in Germany forms part of Excellence Connected - Board Advisors (ECBA), a selected group of top-tier, owner-led partnerships, active in Executive Search and in Board Consulting across Europe, North America and Asia.

ECBA's powerful network of partnerships in France, Germany, Switzerland, the UK, the USA, and in Asia has a record of delivering successful Board level searches throughout the world.

The ECBA group comprises firms that are all leaders in their own marketplace based on their shared characteristics of stringent professional standards, expert client focus, and high quality results.

Our clients benefit significantly from the exceptional credentials of our experienced professionals who are well positioned to ensure ready access to the most influential decision-makers around the world.
